Collaborative Approaches to Health Care Research:
A Working Conference for Clinicians and Academics

**Thursday, April 1 and
Friday, April 2, 1982**

University of Illinois at
Urbana-Champaign
Illini Union Building

For the eighties, health research should embrace a broader concept of the health sciences than was the case 10 years ago. Thus, it is time to examine our health research priorities and mobilize our national resources in new and promising areas such as epidemiology, environmental sciences, health services research, biostatistics, and the behavioral and social sciences.

--Henry A. Waxman, Chairman, Subcommittee on Health and the Environment, Hearing on Possible Future Directions and Policies in Health Sciences Research (1979)

The physician has the opportunity in his daily concern with the human organism to contribute original observations about the function of the body in health and disease. Imagine the great leap forward in medicine, if each of the 300,000 physicians in the U. S. contributed one new fact in his lifetime.

--Arthur Kornberg

Collaborative Approaches to Health Care Research: A Working Conference for Clinicians and Academics

CONTINUING MEDICAL EDUCATION

**Thursday, April 1 and
Friday, April 2, 1982**

University of Illinois at Urbana-Champaign
Illini Union Building

Sponsors

Schools of Basic Medical Science and
Clinical Medicine at Urbana-Champaign,
Faculty Seminar in Medicine and Society
Champaign County Medical Society
Carle Foundation and Carle Foundation
Hospital
Mercy Foundation and Mercy Hospital

Administrative Services

Office of Continuing Education
School of Clinical Medicine

Program Description

This two-day working conference is
designed to stimulate collaborative health
care research between academics in a broad
range of fields at the University of Illinois
and clinicians in this region. Through
keynote talks, workshops, and roundtable

discussions, the conference will facilitate
discussion and planning among
researchers, clinicians and others; focus the
research resources of the campus on the
real world of health care; identify ongoing
and potential research projects in such
clinically-relevant areas as stress,
hypertension, alcoholism, and aging; and
begin to develop an interdisciplinary
research network for the enhanced study of
significant health care problems.

Conference Schedule

Thursday, April 1

9:00-9:15 a.m.

WELCOME

Daniel K. Bloomfield, M.D., Dean
Schools of Basic Medical Sciences and
Clinical Medicine at Urbana-Champaign
John E. Cribbet, Chancellor
University of Illinois at Urbana-Champaign

9:15-10:15

**KEYNOTE ADDRESS "Collaborative
Approaches to Health Care Research"**
Mack Lipkin, Jr., M.D.
New York University Medical School

10:15-12:15

MORNING WORKSHOPS (a partial listing)

Alcoholism: Demetri Shimkin, Ph.D.,
Anthropology and Geography
Thomas Tourlentes, M.D., Comprehensive
Community Mental Health Center of Rock
Island & Mercer Counties

Interdisciplinary approaches to aging:
Robert Katz, Ph.D., Gerontology & Aging
Studies, Shirley Wattenberg, M.S.W.,
Social Work; and Laurence O'Reilly,
Health Education Extension

Stress in a farm population: Jerry Robinson,
Ph.D., Agricultural Economics

**Research on Cancer: From Epidemiology to
Future Research:**

Harriet Imrey, Ph.D., Regional Health
Resource Center
Arlene Alexander, Illinois Cancer Council
Richard Warnecke, Ph.D., Survey
Research Laboratory; Ann Barry Flood,
Ph.D., Sociology and Clinical Medicine;
and Alan Hatfield, M.D., Oncology, Carle
Clinic

Health and environmental hazards: John
Mirowsky, Ph.D., School of Clinical
Medicine and Sociology; James Legrand,
M.D., Internal Medicine, Christie Clinic;
and Bettina Francis, Ph.D., Institute for
Environmental Studies

Hypertension: the Holmes County Project:
Dennis Frate, Ph.D., School of Public
Health, University of Mississippi

12:15-1:30

**LUNCHEON ADDRESS "Clinical Research
in Communities"**
Sidney Katz, M.D.
Michigan State University College of Human
Medicine

1:30-2:30 p.m.

**KEYNOTE ADDRESS "Setting an Agenda
for Community-Based Health Care
Research"**
John Wennberg, M.D.
Dartmouth Medical School

2:30-4:30 p.m.

**AFTERNOON WORKSHOPS (a partial
listing)**

**Neonatal research: a model for
collaboration:** Stephen Porges, Ph.D.,
Psychology; and Terry Hatch, M.D.,
Pediatrics, Carle Clinic

**Alternative models for health care delivery:
planning and evaluating change:** Walter
McMahon, Ph.D., Economics; and
Catherine Ross, Ph.D., Sociology and
Clinical Medicine

Health activism and consumer involvement:
Walter Feinberg, Ph.D., Educational
Policy Studies; and Thomas O'Rourke,
Ph.D., Health and Safety Education
Dan Doyle, M.D., New River Family Health
Center, Scarbro, West Virginia

Human Nutrition: John Milner, Ph.D.,
Nutritional Sciences

**Interdisciplinary approaches to women's
health:** Sue Carter-Porges, Ph.D.,

Psychology; and Benita
Katzenellenbogen, Ph.D., Physiology and
Biophysics

**Medical information systems and medical
practice:** Ben T. Williams, M.D., Mercy
Hospital; and Allan H. Levy, M.D., Basic
Medical Sciences and Clinical Medicine
**The research role of the practicing
physician:** Daniel K. Bloomfield, M.D.,
Basic Medical Sciences and Clinical
Medicine; and Sidney Katz, M.D.,
Community Health Science, Michigan
State University College of Human
Medicine

4:30-5:00

SUMMARY AND CONCLUSION

Harold M. Swartz, M.D., Ph.D.,
Associate Dean for Academic Affairs
Paula A. Treichler, Ph.D.,
Conference Coordinator

Friday, April 2

9:00-9:15 a.m.

REMARKS: Linda S. Wilson, Ph.D., Associate
Vice-Chancellor for Research

9:15-10:15

**ROUNDTABLE DISCUSSION I Health Care
Research in the 1980's: Perspectives from
the Foundations**

10:15-11:15

**ROUNDTABLE DISCUSSION II Health Care
in the 1980's: Research Needs of Public and
Private Agencies**

11:15-12:00 noon

GENERAL DISCUSSION AND SUMMARY

The Thursday program is designed for
clinicians and researchers; the Friday
program is primarily for researchers and
health care planners.

Conference Coordinator

Paula A. Treichler, Ph.D., Schools of Basic
Medical Sciences and Clinical Medicine,
(217) 333-9284/0738

Audience

Health care practitioners, health care
administrators, medical school clinical and
research faculty, campus research faculty,
representatives of private foundations,

representatives of public and private health-
related agencies, medical students,
graduate students, Medical Scholars
Program students and faculty

Credit

As an organization accredited for
Continuing Medical Education, the
University of Illinois College of Medicine
certifies that this Continuing Medical
Education offering meets 8 hours of

Category 1 of the Physicians Recognition
Award of the American Medical Association
provided it is used and completed as
designed. This credit can be applied toward
the mandatory continuing medical
education requirements for relicensure in
Illinois.

Location

269 Illini Union Building
1401 West Green Street
Urbana, Illinois

Registration

Registration fee for physicians is \$50, which
includes tuition, breaks, and meals.
Registration fee for those not seeking CME
credit is \$15.00, which includes breaks and

meals. Additional information will be mailed
to all registrants in advance of the
conference. Registration deadline is March
26, 1982.

Refund Policy

Full refunds will be given if notified by
March 26, 1982.
