Dr. Evelyn J. Weber
808 E. Mumford Drive
Urbana, IL 61801-6325

Dear Dr. Weber:

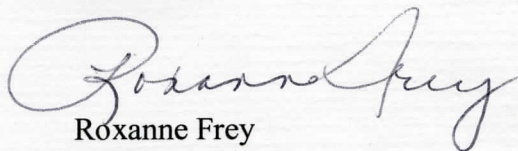

The furniture for the Chemistry Library study alcoves has finally arrived and we can move forward with obtaining the recognition plate for your gift. During the Library Friends Board meeting held in the Chemistry Library last week, I noticed that even in the middle of the day almost every alcove seat was filled with someone doing some serious studying.

The Chemistry Department recently informed us that they are going to dedicate the Library during Homecoming Week with an open house on Friday, October 6, 3:00-4:30 p.m. You are welcome to visit the Library any time but we would especially enjoy having you join us during this special celebration.

Enclosed is a form that I would like for you to fill out with the exact wording that you would like to have on the recognition plate that we will be attaching to the study alcove that you are sponsoring. I have enclosed a self-addressed stamped envelope for your convenience in returning the information to my office.

Thank you once again for sharing this gift with the students who continue to rely on the Library as a safe and comfortable place to do their research and reading. We look forward to recognizing you with the wording that you chose for your plaque.

Sincerely,

Roxanne Frey
Associate Director

Dear Dr. Weber:

The members for the Chemistry Library study above are finally arrived and we can
now begin with obtaining the recognition plate for your gift. During the Library
Friends Board meeting held in the Chemistry Library last week, I received this over in the
middle of the day almost every envelope was filled with notes we doing some serious
study.

The Chemistry Department recently informed us that they are going to dedicate the
Library during Homecoming Week with an open house on Friday, October 3, 1958-10:00-12:00
p.m. I would be pleased to have you and your family join us during this special celebration
having you join us during this special celebration.

Enclosed is a form that I would like for you to fill out with the exact wording that you
would like to have on the recognition plate that we will be attaching to the study above
that you are enclosing. I have enclosed a self-addressed stamped envelope in your
convenience in returning the information to my office.

Thank you once again for having this gift with the students who continue to help
Library as a state and contribute their to do their research and study. We look
forward to recognizing you with the wording that you chose for your plate.

Sincerely,

Evelyn J. Weber
